Subject: Idaho Power & Columbia River TMDL

Mike, Dave C, Ben, John P (c: Tom E)

fyi:

I left messages for both Melissa G and Kelly Susewind requesting a meeting to discuss Idaho Power and the Columbia River temperature TMDL.

I am targeting Friday, April 25 (we drive there), or Thursday May 1 and Wed May 7 (they drive up here).

If you have conflicts on those days that aren't already posted on your calendars, please let me know. I'm hoping I'll hear back from Melissa and Kelly today or Monday. Oh, and I will be giving Melissa a heads-up about our thinking on the Columbia.

Laurie
